Brett wins record ninth Stockton-Corbin too tough in stretch run

Brett Stockton, of Grayling, showed the strength of a champion Sunday morning as he and his partner Serge Corbin won the 45th annual AuSable River Canoe Marathon in the final hour.

Stockton, 29, became the all-time leader in AuSable Marathon victories as his ninth win moved him past International Canoe Racing Hall of Fame paddler Ralph Sawyer. Corbin, 35, won the Marathon for the seventh time. He is third on the all-time Marathon victory list.

Four teams were together heading into the last portage at Foote Dam but Stockton and Corbin pulled away once they reached the water.

"We decided to go hard as soon as we hit the river below Foote," said Stockton in an interview in front of the race crowd at the finish line. "That worked for us last year."

Stockton, who has been racing the Marathon since he was 15, hinted at retirement but lots of racers say they'll never race again at the finish line of

the gruelling Marathon.

Stockton and Corbin, as they did in 1991, got over the portage at Foote faster than their opponents and reached the current below the dam a couple canoe lengths ahead of the other teams.

Stockton and Corbin have won the Marathon five of the last six years. They did not race in it in 1989. They own the Marathon record time of 14 hours and twenty minutes set in 1988. They also own the point-to-point record from Foote Dam to the finish line, set last year in another of their strong finishes.

Stockton and Corbin's time of 14:51:46 was good enough to earn them \$5,000 for first place.

Bruce Barton, 35, and Tim "Turbo" Triebold, 39, pushed the leaders the whole way. They finished at 14:53:10 and second place earned them \$3,000. Randy Drake, 38, and Al Rudquist, 32, the 1989 Marathon champions, also shared the lead until the final stretch and finished third at 14:55:15. They earned \$2,000.

The father and son team of Ken Kolonich, 46, and Steve Kolonich, 20, were right with the leaders at the final portage and finished fourth at 14:58:03, winning \$1,750.

Jim Harwood, 28, of Grayling, and Rick Joy, 33, were in the chase the entire race and finished fifth at 15:00:12 to win \$1,500.

With five teams hanging close together at the lead, the portages were exciting places to watch the race.

At Cooke Dam, four canoes were within ten yards coming across the pond. With 200 yards to go, Stockton and Corbin sprinted to get to the portage first. Barton and Triebold went with them. Stockton and Corbin's canoe angled in front of Barton and Triebold's at the portage step and the canoes rode into each other. Corbin, who had been just bursting out of the canoe on portages, was jostled by the impact while trying to get out. Barton had to duck while the other canoe was swung over his head over the cement wall. While these two canoes were

trying to get untangled, Drake and Rudquist slipped up to the wall on the other side of the step and got a lead on the portage.

Stockton and Corbin, who ran the fastest down the hills at all the portages, caught up going downhill. By the time Barton and Triebold got to the water, the Koloniches were also right with them. After the wild portage, all four canoes were right back together by the first bend in the river downstream.

A local team of Dave Shepherd and Bill Torongo were among the lead pack early in the race but had a bad stretch on one of the ponds and fell off the pace toward the end. Both paddlers, used to finished among the leaders, placed a little lower this year at 8th with a time of 15:14:36.

Lynne Witte, 38, racing with former Marathon champion Solomon Carriere, 35, finished within 27 minutes and 48 seconds of the winners.

Doug Moggo, 30, of Grayling, finished in 10th with a time of 15:33:43

with his partner Brian Krantz, 40.

Don Brooks, 23, and Ted Kolka, 26, both from Grayling, finished in 15:38:42, good for 11th place.

Tim Hickey, 21, of Grayling, and Tim Valko, 23, of Roscommon, placed 13th with a time of 15:48:49.

The brother team of Bill Martella, 28, and Dave Martella, 26, both from Grayling, finished 15th with a 15:54:40.

Hank Feldhauser, 38, of Grayling, and his partner Clark Kent, 32, finished 17th at 16:08:19.

The Marathon's oldest paddler, Al Widing, Sr., 67, of Mio, had another great race. He and his partner, Fritz Lamm, 20, finished in 18th at 16:11:59.

Brenda Carlson, 31, of Grayling, and Karl Kersch, 37, of Roscommon, finished 21st with a 16:50:50.

The brother and sister team of Carrie Trudgeon, 22, and Tom Trudgeon, 33, both from Grayling, finished 22nd with a time of 17:15:29.

The mother-son team of Connie Swander, 45, and Eric Swander, 20,

received a large ovation at Oscoda for their finish at 18:00:09. Eric finished the Marathon in his first attempt at age 15 and three months later suffered a near-fatal auto accident. He was told he would never walk again but he has worked his way back in the last years to race again. At the end, he was exhausted but they finished 26th out of 34 teams that entered and they became the first mother-son team to finish the race.

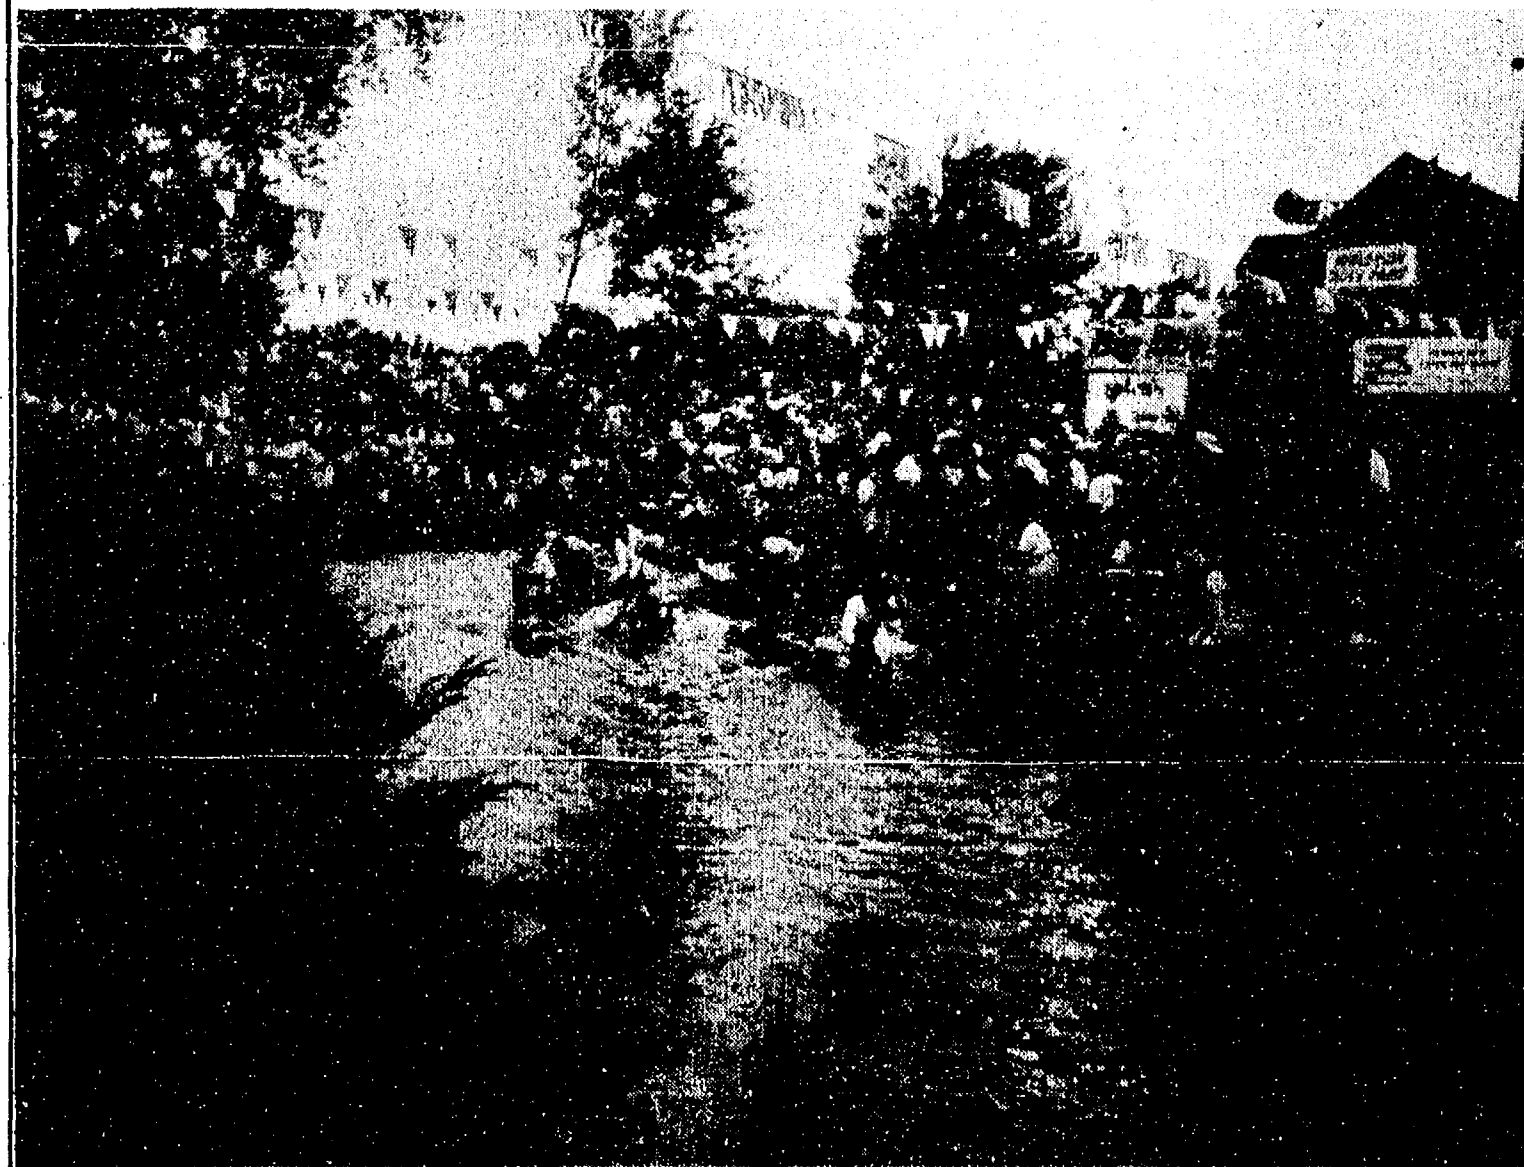

The 34 teams that entered were a record number and seven teams had to withdraw.

Scott McKenzie, a top racer, had to pull out because of back spasms when he reached over the side of his canoe to retrieve something that fell in the water.

Jerry Knepper and Larry Braman, both from Jonesville, Michigan, had to pull out after something ripped a huge hole in the side of their canoe. But they said they would be back for next year.

both of Grayling, pulled out at Stephan's Bridge after problems.

The weather stayed warm through the night for the comfort of the racers and spectators. The northern lights weren't out this year but the glowing bands worn by many race fans added to the night lights. The ponds in the lower stretch were calm during the early morning. A slight wind came in later and kept increasing as the day wore on.

Because the front-runners weren't battling the wind as much this year, their slower times this year were hard to figure out.

Four-time Marathon winner John Baker thought the slow times might have been caused by the dams not letting out much water. In the past, the dams have let extra water out during the Marathon to help the paddlers through the big ponds.

The finish line was also moved farther downstream.

The AuSable Marathon was the second leg of the North American Marathon Canoe Racing Championship Series. Stockton and Corbin have won both races so far in the Triple Crown. The La Classique de Canots race in Quebec over Labor Day will finish this year's Triple Crown.

Weyerhaeuser was the main sponsor of this year's Marathon and a record purse of \$38,000 in cash and prizes was handed out. Media coverage of the event was improved at every step. Pass Sports will show a telecast of the race in September. Local television increased their coverage and area radio coverage was its best yet with live reports all through the night and morning. The Detroit daily newspapers both gave a little more space to the race this year as well.

Marathon shirts on sale Saturday

A few Marathon shirts and limited edition shirts left over from the race will be on sale Saturday at Glen's Market from 10 a.m. to 4 p.m.

Selected items will have reduced prices. Ray's Canoes also has some race merchandise for sale.

Canoe marathon offers limited edition print

A set of three limited edition prints depicting aspects of the AuSable River Canoe Marathon are available this year for the first time. The canoe marathon committee commissioned the original artwork to be done by one of Michigan's most prolific and popular muralists and local resident, Terry Dickinson.

Two years ago, race enthusiasts were introduced to the concept of a limited edition T-shirt. The idea has caught on. Limited to 100, the shirts this year will be nearly sold out by race time. Each year the shirts numbered from one to five are held for auction at the annual paddlers dinner. Last year the number one shirt sold for over \$200.

With the growing enthusiasm for the shirts, it was decided that a corresponding print would be appropriate. Its durability and growth in value would exceed the shirts and fill a need for more serious collectors.

One hundred sets of three prints, signed and numbered, along with ten sets signed, numbered and re-marked by the artist, can be purchased by filling out an order blank. Delivery

will be available before and during race time.

The image used on the three prints, correspond to the image on the T-shirts. The first print depicts paddlers racing through the night using a small light at the bow of the canoe. The second one shows two teams cresting one of the five dams that must be portaged in route to the finish line. The third print honors the women who have competed in this granddaddy of canoe marathons.

Each year a new print and corresponding T-shirt will be introduced. "We have ideas that could make a set of ten over the next seven years," Dickinson said. It is expected that every aspect of this race will be featured, from the foot race to the finish line, including some non-racing features such as the timers, judges, feeders, and safety/security personnel.

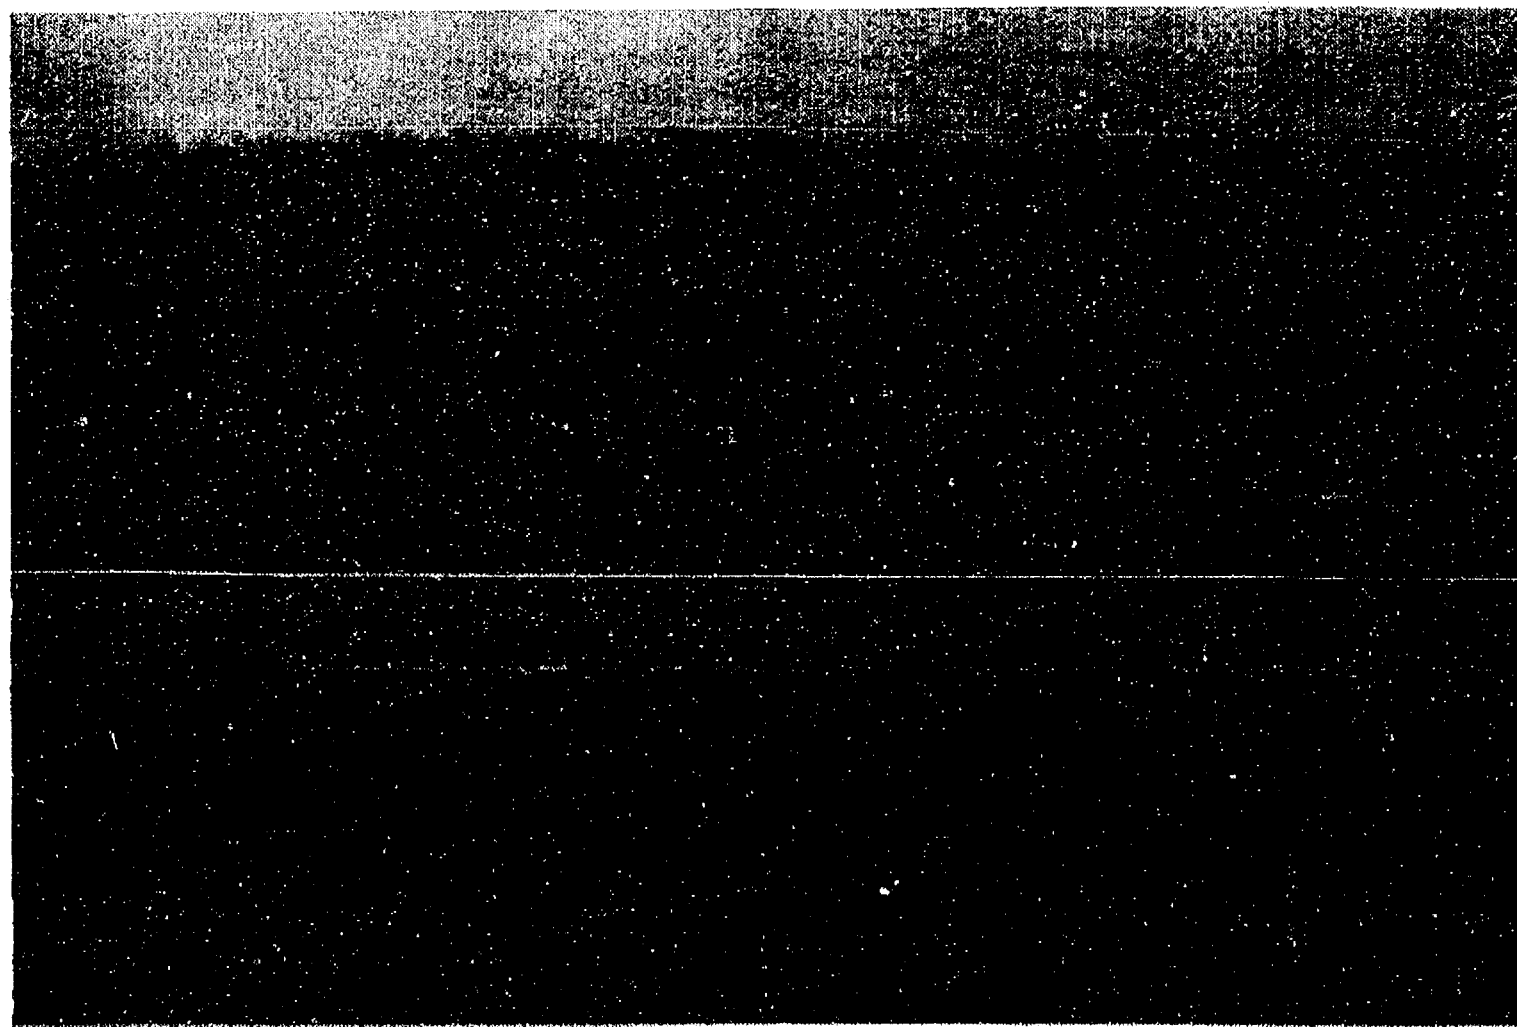

The production of these prints is being kept very limited so the demand will be high. It is expected that the issue price of \$100 could easily increase in value to \$500 or \$600 within two or three years.

FAN SUPPORT--Chad Swander and Brenda Carlson talk with a racing fan after placing their canoes at the starting line. (Nancy Lemmen photo)

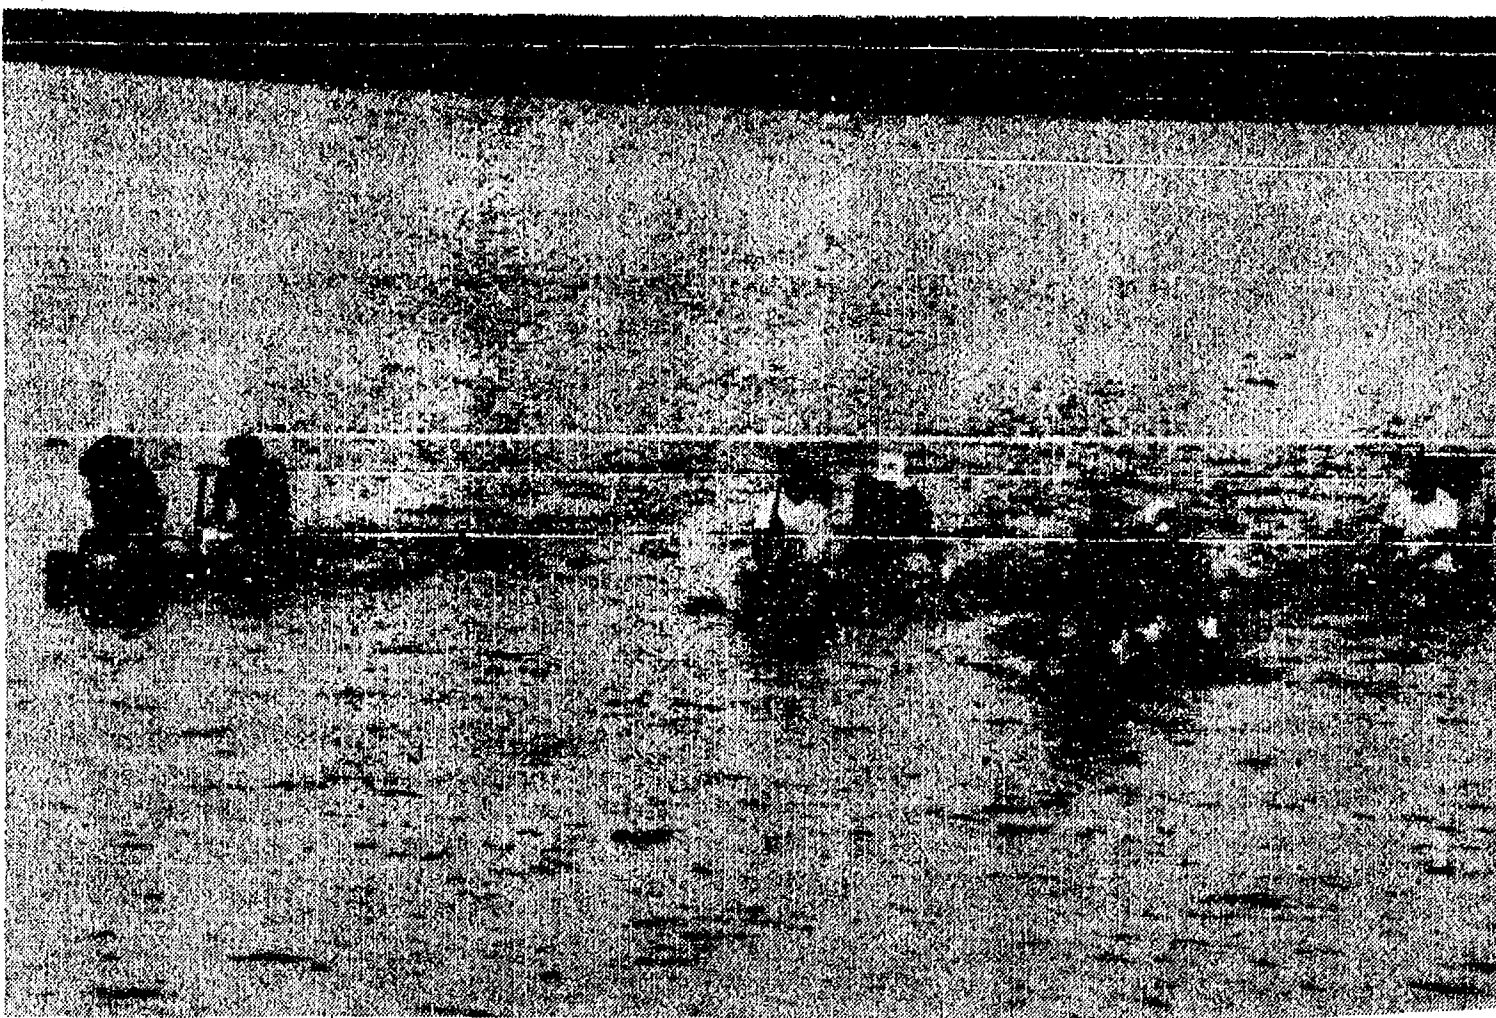

PROFESSIONAL CLASS--Hank Feldhauser talks with a friend before his first Marathon as a professional. The Feldhauser/Kent team placed 17th overall. (Nancy Lemmen photo)

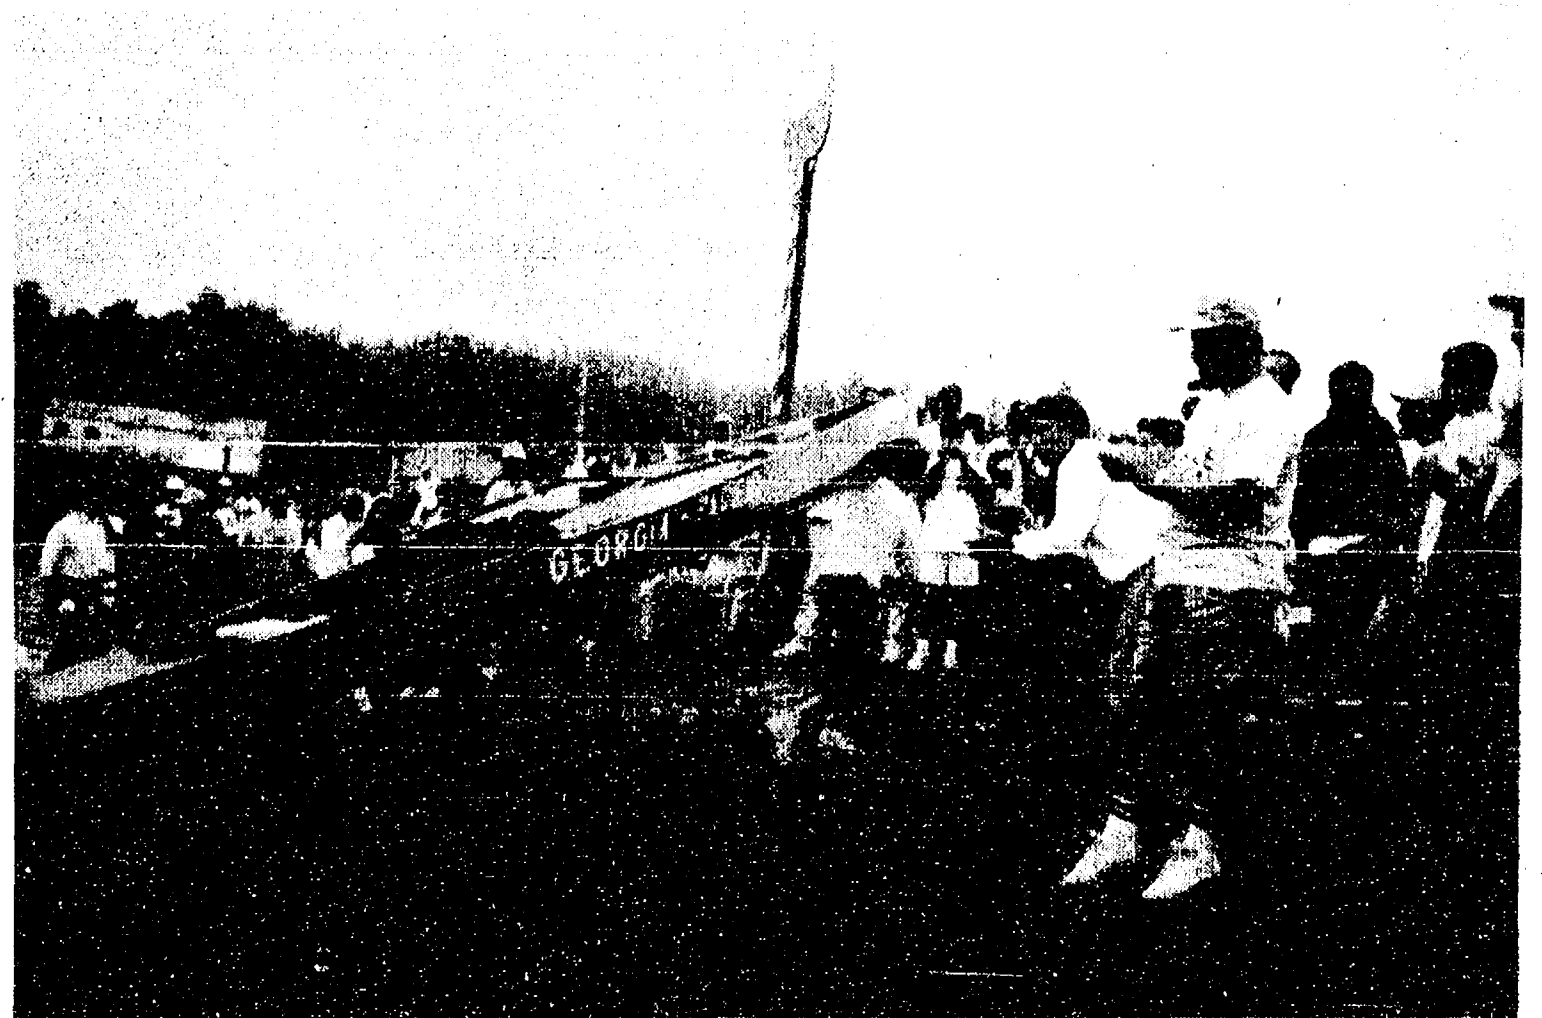

RACE STRATEGY-- The top teams jockeyed back and forth throughout the race. Here the top five teams came into Cooke Dam. (Jon Thompson photo)

... was a battle the entire length of the 110-mile race

13 HOURS LATER--After 13 hours of night paddling, tough portages, and about 45,000 strokes, only a couple feet separated Ken and Steve Kolonich, Bruce Barton and Tim Triebold, Serge Corbin and Brett Stockton, and Al Rudquist and Randy Drake (left to right) as they approached Foote Dam, the last portage. (Jon Thompson photo)

CHEERING THEM ON--Jeff Kolka, who finished second last year, had to sit this race out but he was at Five Channels early Sunday morning to cheer on the racers. (Jon Thompson photo)

READY TO SPRINT--Corbin, front, and Stockton get ready to jump out of their canoe at Foote Dam as they make their move to win the race. (Jon Thompson photo)

PORTAGE JAM-UP--Neither canoe would back off at the Foote Dam portage and Stockton-Corbin and Barton-Triebold collided right at the break wall. (Jon Thompson photo)

Opinions

Let's Talk About It

By Joe Murphy

Am I my brother's keeper? A man named James Haller who lives in Coleman, Mich. I am sure would answer to the affirmative. James, who I prefer to call Jim, plans a nearly two hundred mile walk from North Bradley, Mich., to Mackinaw City to raise money for the Muscular Dystrophy Assoc. Jim's brother, Mark Haller, is a victim of a form of that disease and to help the Association which is helping Mark, Jim will be out there picking them up and laying them down. Plans call for him to begin his journey on the 22nd of August and end at Mackinaw on August 30th. He will be in Grayling on the 25th. I hope our community will live up to its reputation of a town that cares by supporting Jim's efforts to raise money for a very worthy cause. Jim will welcome all who wish to join him on his walk through Crawford County.

Why is it that there are a few bad apples that spoil things for all who enjoy any type of outdoor activities? Hunting, fishing, RVs, etc., all have had restrictive laws passed because of the conduct of a few slob. Those of us who like to use metal detectors to search for old coins and artifacts for the most part are very careful to fill any holes we may dig in our search. Today I visited the old Deward townsite and some slob had left it looking like a prairie dog town. They had dug a lot of holes and didn't take the little time required to fill them back in. It won't be long before the cry will go up to ban or restrict the use of metal detectors.

While the majority of us strive to leave an area in better shape than we found it, a few slob will ruin it for us all. Please, if you are into metal detecting fill any holes you dig and try to leave the area better than you found it.

I remember how the old farmers used to brag about how rich the soil was on their farms. One claimed that he couldn't grow pumpkins because the vines grew so fast they wore the pumpkins out by dragging them around. Another told of one of his cows eating an ear of corn while she was laying down, she slobbered out a kernal of corn on the ground. He said that corn took off growing so fast it blew the cow's head off. Another claimed he had a field of popcorn he was cultivating one hot August day with his old mule. It got so hot the popcorn started popping and when his old mule saw all that white stuff in the air he froze to death thinking it was snow. One man claimed he had a very strange tree on his place. He said it looked just like any other maple tree but when he tapped it for sap he noticed no matter how cold it got, the sap from it didn't freeze. He drank some of that sap and got a real glow on so he sent a sample to have it tested and found out that tree produced 200 proof alcohol.

Congress has been on strike for years

I see on the TV news, that Congress and the House of Representatives settled the railroad strike by giving the strikers a 35-day, cooling-off period. The Congress and the House of Representatives, with their "Do Nothing" attitude toward balancing the budget, have been on strike with Full pay for Years.

Memorials help animal shelter

Recently the animal shelter has received memorials from two families. The first was from Jean Compton who was my homemaking teacher during my years at Grayling High School. The second was from Jack Dillon who was my grandfather. Grandpa spent his entire life with animals and I'm sure he's partly responsible for the love I have for them.

I would like to thank the families for their gifts on the behalf of their departed loved ones. Because of them a few more bags of food can be bought and perhaps a few more lives will be saved.

Almanack

Resolved: No more predictions

WRITING A REGULAR newspaper column which tilts frequently toward politics can be a precarious undertaking, especially during a political year filled with as many uncertainties as this one.

Four times in the recent past this writer has gone to the well with forecasts or near-forecasts of how things would happen. The results have been disheartening.

What follows is neither a justification nor an excuse for what I've written, but rather a recitation of fact as the basin for the Almanack's latest forecast:

No more political predictions.

JUST ABOUT A YEAR ago, I wrote a couple of columns which indicated George Bush was well-nigh unbeatable, and that the Democratic Party's goal should be to find someone presentable but expendable to face Mr. Bush in the 1992 election.

Last summer, the Democratic potentials were dropping by the wayside like cast-off debris. The list of those who were not going to run for president was formidable: Gov. Mario Cuomo, Sen. Albert Gore, Rep. Dick Gephardt, Sen. Jay Rockefeller.

The list of those who were testing the waters was not nearly so powerful: Sen. Tom Harkin, Gov. Douglas Wilder, former candidate George McGovern, former Gov. Jerry Brown, Ralph Nader, the Rev. Jesse Jackson, Gov. Bill Clinton, Sen. Bob Kerrey.

At the time, Mr. Bush was enjoying a public approval rating of 78 percent (according to an August

1991 poll by USA Today).

The Almanack suggested a likely scenario whereby the Democrats would end up nominating someone such as Sen. Lloyd Bentsen, as I wrote in September 1991:

"(Bentsen) might make a sound and safe Democratic candidate to challenge Mr. Bush in 1992... sort of in a caretaker style while the rest of the Democratic big guns — such as Jay Rockefeller and Mario Cuomo and Jesse Jackson and others — load up their guns to fire at Dan Quayle in the 1996 presidential race."

Needless to say, that scenario was never written, and never got close to the drawing board. Sorry about that.

AS EVENTS TURNED OUT, President Bush was indeed vincible, and the Democratic nominating process turned into a lively affair with Mr. Clinton coming out on top. With Mr. Clinton assured as the nominee, attention in one Almanack turned to the vice presidential picture.

Mr. Clinton, as the nominee, studied several would-be veeps. Most prominently mentioned were Sens. Gore, Rockefeller, Kerrey, Harris Wofford of Pennsylvania, and Bill Bradley of New Jersey, as well as Rep. Lee Hamilton of Indiana.

In an Almanack which reached print on a Wednesday of a certain week, the following appeared: "Of all those mentioned for the Clinton ticket, this writer confidentially predicts it will be a Clinton-Hamilton ticket."

On the very next day, Mr. Clinton announced he had picked Mr. Gore. Sorry about that, too.

THEN THERE'S THE Ross Perot phenomenon.

When Mr. Perot first started making presidential noises, this column was rather reserved, with a sort-of shoulder-shrugging attitude. The Perot candidacy, I told one luncheon audience in April, will go exactly nowhere.

But as it went on, the Perot factor started becoming more and more significant. I studied every news story I saw, devoured every column, even watched the Perot interview on the Barbara Walters TV show.

Finally I attended the state capitol rally when Mr. Perot's backers filed petitions with 300,000 signatures — only 25,000 were needed — to win their champion a place on the Michigan presidential ballot.

I heard Ross Perot speak, talked with many of his fans in the audience. I was converted: the Perot movement was for real. In a column that first appeared in print on a Wednesday in July, I wrote:

"Ross Perot is a genuine factor in this year's race for president. He could even carry Michigan. He might even be elected."

Two days later, on a Friday morning, Mr. Perot withdrew. Sorry about that.

SO HERE'S THE latest forecast of the Almanack: No more political predictions.

And I can predict that we'll hold to that one.

If you doubt, just remember Mr. Bush, Lloyd Bentsen, Lee Hamilton and Ross Perot.

K of C team wins overall title in annual business relay canoe races

Setting a new entry record for the annual business relays, 31 teams with four paddlers each, turned Thursday night's event into one of the most exciting in recent history.

Adding to the excitement was the close competition where less than thirty seconds difference decided the Men's Division top three finishers of the K of C Lancers, Mercy Hospital, and the Grayling Fire Department Hosers.

The top two finishers in the Women's Division, the Grayling Promotional Association and Carlisle Canoes #1, were only thirty seconds apart with the 83rd District Court in close pursuit.

The Mixed Division was a barn burner with the top three finishers of Rainbow Rehab & Fitness, Holiday Inn Stigors, and Grayling State Bank #1, all within seven seconds of each other.

The grueling event includes an upstream sprint from Penrod's to Ray's, with the second half of the four member team dashing back to the finish/start line for the best time.

Last year's overall winners from the Grayling Rotary, who were paired up against a formidable team representing the Kalkaska Rotary, claimed that they would have done much better but a sudden gust of wind caused them to collide with the Maple Street Bridge.

More than just a few paddlers vowed to be back next year with the intention of taking home a winning spot. As the event came to a close, one of the casual observers speculated that "with all this upstream effort it could slow down the times for the big race on Saturday."

Helping with this year's event were Mike Wieland, Judge John Hunter, Tibor Lanczy, Terry & Kelly Vandecar, John Chervan, Nancy Kreidler, Dale French, Marge Martella, Dave Page, Todd Hernandez, George Bindschattel, Jack Beckwith, Jeff Jennette, Dennis Palmer, Marcia Koppa, Jim Humes, and Ken Jones.

Although Schuyler Gibson has eliminated a few of his rose bushes, he still has some beautiful flowers for the stroller to view.

It's been a cool summer for gardens and flowers, but people are still trying to keep their yards looking attractive. Joe White's new home on Ogema has flowers and he's waiting until fall to put in a lawn. Grace Feldhauser also has a new home put up on part of the old Isenbauer property.

Some of the older homes in town have had face lifts. The Lyle Billsby home on Park Street has been resided

Residents of Crawford County

I understand that the Sheriff candidates have been questioned about discipline referring to myself and Undersheriff Coors. I would like to explain my actions pertaining to Undersheriff Coors.

If I had suspended Undersheriff Coors WITH PAY since October, 1991, he would have received about \$23,000 that he had not worked for. If I had suspended him WITHOUT PAY since October, 1991, and he was found not guilty (which I believe he will be), he would have \$23,000 plus in back wages coming. Since he does not have the union to protect his rights, he would have to sue to get his back wages. In any such law suit, all the commissioners would have to say is "we do not have that kind of power over the Sheriff, that is a problem between the Sheriff and his Undersheriff." It would be me paying his back wages. NO THANKS.

Ten months is a long time to wait to go to court on an alleged misdemeanor. I don't know why it is taking so long. The commissioners have never formally requested that I suspend Undersheriff Coors. Some of the commissioners hinted, questioned my actions and would have liked to have me suspend or fire Undersheriff Coors.

While talking about suspensions, why haven't those commissioners that have been named in the landfill scandal for alleged misconduct suspended themselves? It seems no more than right that they should suspend themselves, since that's what they wanted me to do with Undersheriff Coors.

The following excerpts are taken from the *Bay City Times* and the *Herald Times* pertaining to the Crawford Landfill and some of the Crawford County Commissioners. These excerpts are a direct quote from these articles.

Taken from the May 11, 1992, *Bay City Times*, "Landfill Sale Sparks State Investigation": The Michigan Attorney General's Office is investigating allegations of influence peddling and conflict of interest in the sale of the Crawford/Otsego Landfill to City Management Corporation, the *Detroit News* said Sunday.

Taken from the May 17, 1992, *Herald Times ADZ* "Landfill Stink": Chris DeWitt, a spokesperson for the Michigan Attorney General's office confirmed an investigation into the sale is being conducted. DeWitt said he couldn't comment on specific aspects of the investigation and had not commented on those aspects for the *Detroit News* reporter either. "I can't comment because the investigation is ongoing at this time," DeWitt said.

Taken from the May 21, 1992, *Bay City Times* "Conflict Charges raised in Crawford": The State Police are now investigating the sale of the landfill, but no results from the probe have been released.

In all fairness, I think those commissioners who were named in the landfill scandal investigation should be given an opportunity to clear their names in court. If not given a chance to do so, it may cost them the up-coming elections. Many voters may think the worst and feel that there was a cover up. The rumors will never be laid to rest. After all, Undersheriff Coors is to have his day in court.

One of the commissioners called the "Brouhaha" over the landfill sale to be retaliation by Commissioner Joseph Callewart for investigation into the Crawford Sheriff's Department, which he opposed. I can't believe that. Commissioner Callewart is too conscientious a commissioner to allow himself to get involved in that kind of situation.

Commissioner Callewart is friends with the deputies and has ridden in the patrol cars. I see nothing wrong with that. They have the right to make friends.

I have always invited commissioners to ride in the patrol cars to see what the officers' duties are like. (1973-76 and 1985 to present).

One commissioner hints because of the Sheriff's Department investigation that the landfill scandal heats up. There is no connection between the commissioners' landfill scandal and Undersheriff Coors that I know of, but there could have been. I told you in my article of November 21, 1991, that Undersheriff Coors' problems started when he tried to get someone to run against this same commissioner in the last election. Think about this. If Undersheriff Coors had been successful in getting someone to run and succeed in winning the election, there may not have been a landfill scandal.

Be sure to vote in the August 4th Primary Election. The primary election is very important to your candidate, especially this year. YOUR VOTE DOES COUNT. DON'T LEAVE IT UP TO SOMEONE ELSE, GET OUT AND VOTE.

Sincerely,
Harold Hatfield

Arson suspected in recent car fire

By Lori Swarthout

Crawford County deputies are investigating arson in connection with a recent vehicle fire.

Deputies were dispatched to a residence on Chase Bridge Road in Grayling Township about 1:00 a.m. Tuesday, July 28. Arriving at the scene, they discovered a vehicle that had been partially burned. Further investigation showed that an accelerant was used to ignite the vehicle, which was left at the cabin, vacant at the time of the incident. The cabin, which was

being refurbished at the time, was also broken into and ransacked. Both the car and the cabin received minimal damage.

Deputies believe the incident occurred very shortly before the report was received. Anyone with information which may relate to the incident are requested to contact the Crawford County Sheriff Department. Callers need not identify themselves but are asked to give as much information as possible.

Rental unit damaged by fire Tuesday

Severe smoke and heat damage was sustained by the rest of the unit, according to Dean Goss, of the Grayling fire department. Assisting firefighters at the scene were Crawford County deputies, Grayling City police, and North Flight E.M.S. personnel.

The occupants were not home at the time of the fire, and no one was injured in the blaze, which is currently under investigation by local authorities.

The Meadows Of Grayling News

By Carolyn Poll

On July 14th the Grayling Senior Song Birds stopped by to sing a few notes. Wednesday we celebrated with residents who had birthdays in July: Dolly Brooks, John Gauthier, Marie Lukacs, Evalina Allen, Walter Mullens, Amos Richards, and Philip Sass. Helen Mack provided Bible study that afternoon. In the evening we started a men's club to allow our male residents some time for themselves.

We were really fortunate to have the Chasin' Rainbow Quartet from the Cadillac Chapter Sweet Adelines come and sing to the residents on the evening of the 22nd. They surely can entertain. Thursday the Shake, Rattle and Roll group got together for exercise to music from the sound track of Footloose and the Best of 50s Jukebox Rock.

Friday we celebrated a French fry day with a visit from Mary Noa to play the piano and sing some tunes. Peggy came in Saturday to treat the residents to a manicure and play a few games of Checkers. On Wednesday, July 29, we'll have a hot dog-a-rama at 11 a.m. with a wheel chair race outside the facility with residents and staff participating.

Original depot became home News Welcomed for Tom Wakeley family

Research has led to information about the demise of half of the original depot and, in this case, it became a home for a mother and father -- in fact, a whole family.

Roger Kneff telephoned to say that his father, David Kneff (or Knecht, as some of the family spelled it), my own father, Peter William Christenson, and Chris Hoesli, were part of the crew that tore it down and helped rebuild it for Tom Wakeley.

Tom's home, east of the Feldhauser school, burned down on February 2, 1931, and according to the Avalanche, Nels Corwin let the family use the present Hoot Owl building for Tom and his family of seven or eight children to live in until such time as he could rebuild.

It seems that Tom paid the railroad \$90 for part of the depot and the men proceeded to take it down, piece by piece and rebuild it on Tom's property. The exact date of rebuilding is still elusive but we have to believe it was

probably done that summer. Joe Wakeley remembers playing in it as a small boy and also remembers that it was still the same faded green railroad color that marked all depots.

That is not the end of the story. Some of the lumber from the old depot apparently is still in use, as during the late 50s, Jim Wakeley and Don Feldhauser tore down Tom's house -- or what was left of it -- and used part of it to build Jim's garage at Wakeley Bridge. We didn't ask Don if it still bears some of the green paint!

One of the pictures, among the many railroad pictures at the museum, shows the whole depot as it appeared when it was used as a depot, a restaurant and rooms for travelers.

PUBLIC HEARINGS ON MICHIGAN'S COMPREHENSIVE HOUSING AFFORDABILITY STRATEGY

The National Affordable Housing Act (NAHA) of 1990 authorizes funds to continue certain existing federal housing programs and establishes new programs to expand rental and homeownership opportunities for lower income persons. Before receiving any funds under the Act, states must update the information contained in the Comprehensive Housing Affordability Strategy (CHAS) that identifies their housing needs and proposes how those needs will be addressed in the next five years. In Michigan, the Michigan State Housing Development Authority (MSHDA) is responsible for updating the CHAS.

All interested parties are invited to attend one of the public hearings listed below and submit comments for updating the Michigan CHAS. Additionally, organizations developing projects that may require funding from programs covered by the Michigan CHAS are encouraged to attend and to share their development plans with the Authority at the hearings. Information gathered during the public hearings will be used to revise the Michigan CHAS.

Individuals and organizations unable to attend a hearing may submit written comments to MSHDA, 401 South Washington Square, Lansing, Michigan 48933. **WRITTEN COMMENTS MUST BE RECEIVED NO LATER THAN AUGUST 19, 1992.**

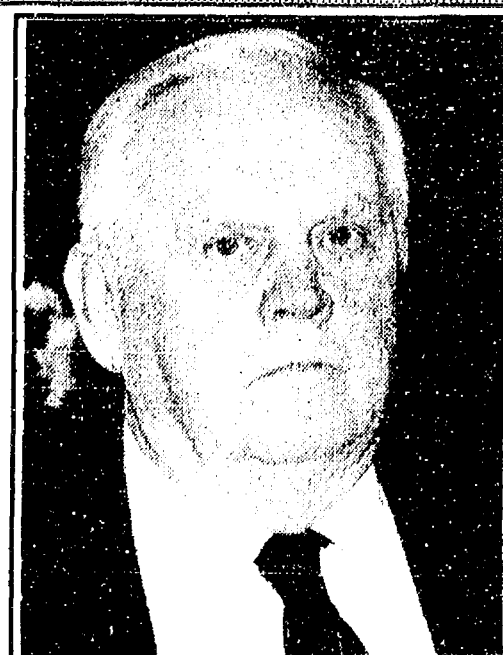

Copies of the draft CHAS are available for review at the MSHDA offices in Lansing and Detroit and at depository libraries throughout the state. For additional information, telephone MSHDA at (517) 373-8295.

Golfers host guest day

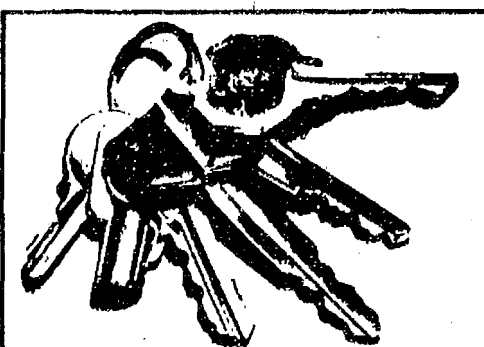

The Wednesday morning ladies golf league's 2nd annual Guest Day was held on Wednesday, July 22. There were approximately 80 ladies who came out for a very enjoyable day. The following won prizes: longest drive on #15, Joyce Worden; closest to the pin on #11, Jeanette Kitchen; longest drive on #9, Helen Balmore; closest to the pin on #5, Dortha Carlson; longest putt on #18, Shelley Lovely.

There were also several door prizes and 1st, 2nd, and 3rd place for each flight.

Correction

In an article published in the Avalanche July 23 about Loren Goodale seeking reelection as county commissioner, the story should have said Goodale cited the elimination of the animal shelter as one of the examples of good decisions by the current board of commissioners which have saved the taxpayers money.

The Avalanche inadvertently printed animal control officer instead of animal shelter and we apologize for the error.

COUNTY COMMISSIONER DISTRICT #1
(City of Grayling)

While going door to door in my campaign for Crawford County Commissioner I have been asked questions which I would like to address here.

Q: Do you feel that being married to a deputy presents a conflict of interest?

A: No. I would abstain from voting on any law enforcement issues which affect my husband. I would like to be a strong voice of support for our county law enforcement, something the present board sadly lacks.

Q: What do you think of commissioners riding with deputies?

A: I support it. The sheriff's department constitutes the largest portion of the budget which makes it the target for many cuts. While this is sometimes necessary I feel that by riding with deputies, commissioners can get a better feeling for the department, how it's run and why some requests are made of the board. Sheriff Hatfield has issued a standing invitation for commissioners to ride. Past commissioners have taken him up on this but, to date, the only incumbent to do so has been Joe Callewaert.

Q: Commissioner Goodale recently questioned Commissioner Callewaert as to whether he and his family had vacationed with Detective Jimmy Parker and his family? What do you think of this?

A: I don't know why anyone would care who our commissioners vacation with. I know of no by-law stating that our commissioners are not allowed to retain friendships with deputies and their families.

Q: What is your opinion on the elimination of animal control?

A: I believe we still need an animal control officer, if only part time. Deputies are not trained nor do they have the equipment to handle anything more than dog bite reports.

Q: What do you think of commissioners accepting tickets to a Pistons' game from the new landfill owners, City Management?

A: I think it was a mistake. The Board of Commissioners is not done dealing with City Management and I feel that commissioners who have accepted favors from them may have difficulty in keeping open minds in the future when it comes to business. I don't feel, however, that these commissioners had any ulterior motives.

Q: Do you feel that undersheriff Coors shouldn't have been investigated?

A: Absolutely not. Law enforcement officers have a responsibility to conduct themselves in an exemplary manner as possible. When this isn't done they need to be held accountable. I do feel that the investigation should have been conducted, however, somewhere other than the front page of the Bay City Times. This not only damaged the reputation of Undersheriff Coors, but the county as well, and I don't feel that commissioners took this into consideration when they allowed themselves to be interviewed by reporters. I also feel that elected county officials must be accountable for their actions and that when there is a question of conflict of interest, investigation is warranted.

Q: Do you feel that our commissioners see themselves as accountable to the public?

A: In some cases, no, I can cite two examples. This winter I wrote a letter to the editor voicing my opinion on what I felt was mishandling of the undersheriff investigation. Commissioner Long called me to chastise me for publicly criticizing him. He has not spoken to me since. Another example is the attitude which I've recently witnessed by our commissioners toward the public. I have seen citizens either denied the opportunity to speak or silenced in mid-sentence by chairman Riley. Anyone who doubts this should speak to Lynnette Corlew, Tim Cooley, or Fred Schaubly. These are not the actions of commissioners who feel accountable to the public which they serve.

25 candidates face off Aug. 4 in primary

Twenty five Crawford County residents are in contested races in the Tuesday, August 4, primary.

The Avalanche requested the following information from the candidates in contested township and county races.

District 1 Commissioner Dennis Long (R)

Dennis Long, a resident of Crawford County for nine years, has been a career police officer for 20 years including one year with the Crawford County Sheriff Dept. and eight years with the Grayling City Police. He is currently the district 1 county commissioner representing the city of Grayling and holds the vice-chairman position on the board.

Long has attended courses at Michigan State University, Northwestern University, Illinois, and Kirtland Community College, and he currently holds an associate degree in administration.

"Having been a public servant for most of my adult life, I have devel-

oped an awareness and responsibility to the citizens I serve. It is my belief that the duty of each commissioner should be to provide for the concerns of those people in the district they represent and address those concerns and needs to the county board as a whole."

District 1 Commissioner Patti L. Coe (R)

Patti Coe, a resident of Crawford County for three years, is an active member of the Crawford Citizens Campaign and a member of the Crawford County Republicans.

She has an associate degree in science with additional course work toward a bachelor degree in social work. Coe has work experience as an office manager.

"Our county desperately needs an open, positive attitude toward county law enforcement, the protection of our environment, and the opinions of our citizens. These are sadly lacking on our present board and I would work toward these goals."

District 2 Commissioner Loren Goodale (R)

Loren J. Goodale, a resident of Crawford County for 27 years, has been a self-employed businessman in Grayling and Beaver Creek for 27 years.

He has served for more than 18 years on the Grayling City and Township Fire Dept. Goodale was a volunteer E.M.T. for six years on the original ambulance corps and has been associated with scouting for more than 20 years. He is currently serving on the Crawford County Board of Commissioners and is the ways and means chairman.

"With my knowledge of being a successful self-employed businessman I would like to try to control the county's budget as we tried to do the last two years. I would also like to see equal treatment of all county employees."

District 2 Commissioner Mary Elaine Harland (R)

Mary Elaine Harland, a resident of Crawford County for 24 years, has 12 years experience actively working and participating in county government as a commissioner — serving as chairman, vice-chairman, and committee chairs. She also has 12 years experience in labor contracts locally and state-wide.

Harland, a high school graduate, has many years of work experience dealing with finances, budgeting, business management, and negotiating (labor). She also has nine years experience with township planning and zoning.

"I would be privileged to represent my township of Beaver Creek and a portion of my prior township of Grayling (district 2). If elected, I would continue to listen and identify the concerns of our citizens. We need to prioritize the programs directly affecting the county budget. With the flow of state and federal dollars down to a trickle, the tax responsibilities become the county's, townships', and city's."

District 3 Commissioner Bill Coy (R)

Bill Coy, a resident of Crawford County for 13 years, has served as a Crawford County commissioner and is a former township supervisor and a planning and zoning board member.

Coy, a high school graduate, has also attended military schools and taken some college courses.

"I am concerned with and have major goals for: safety for all citizens, quality of life and our environment, quality education, job market for the future of our citizens, and integrity in government to bring back believability to the citizens and hope to the public."

District 3 Commissioner Barbara A. Selesky (R)

Barbara Selesky, a resident of Crawford County for 24 years, has been the owner of Timberview Village Residential Care Home since 1976. She is a graduate of Rose City High School and Aquinas College, Grand Rapids, with a bachelor of science degree in business administration.

Selesky also has served with the Crawford County Commission on Aging for 15 years and various regional and state level Aging boards.

"If elected, I would establish town hall meetings in district 3 to discuss district issues and county priorities. I would energetically work to bring focus to the needs of Frederic, Lovells, and Maple Forest township businesses and communities."

District 4 Commissioner Bob McLachlan (R)

Bob McLachlan, a resident of Crawford County for 22 years, has 12 years experience with various elected Grayling Township and Crawford County government positions. He has served as chairman of the Crawford County Board of Commissioners and has been involved with the Camp Grayling Community Council.

McLachlan graduated from Sexton High School and attended Lansing Community College. He has been a self-employed businessman in Grayling for 22 years.

If reelected, his goals are to finish the jail proposal through a sensible and affordable construction process, to try to keep taxes at present levels, and to slow down the government financial growth.

District 4 Commissioner Lynnette Corlew (R)

Lynnette Corlew, a resident of Crawford County 24 years, graduated from Grayling High School and attended Prairie Bible College where she studied music theory, voice, and English. She also attended Kirtland Community College to study architectural drafting and design.

She has chaired several successful petition drives and has been a school teacher and monitor. Other experi-

ence includes being secretary for the Crawford County Republican Party.

"My goals are a balanced budget, expansion of the jail, and clearing up our landfill problems. We need to work together on the board to accomplish great things for Crawford County."

District 4 Commissioner Garland H. Joyce (R)

Garland H. Joyce, a resident of Crawford County for 35 years (15 years full-time), earned a masters degree from Wayne State University and was graduated cum laude with a bachelor of science degree from Wayne State University. He also graduated from Advanced Officer School in Fort Benning, Georgia.

Joyce has been a principal and assistant superintendent for Oak Park Schools in Oak Park, Michigan. He was also chief labor negotiator and personnel director for Oak Park Schools.

"I have served six years on the Crawford County Board of Commissioners (1982-88). The present commission, by virtue of inexperienced commissioners—five are in their first term — personal animosities, conflict of interest, and other problems that have occurred the past two years, has been most ineffective and has made poor decisions. I can be of assistance in restoring and advancing the integrity and capabilities the citizens should have from their public servants."

District 5 Commissioner Lynn S. Johnson (D)

Lynn S. Johnson is a graduate of Grayling High School and earned an associate of arts degree in child care and business from Kirtland Community College. She also attended Northwestern College for two years.

Johnson lists 16 years as a dedicated civic leader with scouts, 4-H, and other community groups. She has also been a statewide convention director and has nine years experience as a Sunday school teacher.

"The people of Crawford County need dedicated, responsible people on the Board of Commissioners. This dedication and responsibility will ensure that the county operates within its means, but ensures that we will maintain a strong local law enforcement to protect the people of this county from the increasing crime population. This dedication and responsibility will ensure that whenever an important decision, like the sale of the landfill, must be made, it will not be done without listening to the taxpayers voice their opinions. This dedication and responsibility will vote responsibly when it comes to letting other counties bring their waste into Crawford County to dispose of it."

District 5 Commissioner Robert Smock, Jr. (D)

Robert Smock, Jr., a resident of Crawford County 40 years, is the director of New Life Community Service in Grayling. He has also been the program director for the Diocese of Gaylord, CFCS, Gaylord, and program administrator for the Employment and Training Consortium in Harrison.

Smock earned a masters degree in guidance and counseling in 1975 and a bachelor of science degree in business administration in 1972. He has served on various committees as county commissioner.

"The public land issue in Crawford County (78%) is totally unacceptable. It eliminates economic development and new jobs while creating high taxes. It hurts our youth, it hurts our schools, it hurts our government, and it hurts our future. The county board can solve this problem through introducing state legislation and a northern Michigan coalition lobbying effort. Politics is not the problem, its the answer. What we need are good politicians to get the job done."

District 5 Commissioner William E. Ruddy (R)

William Ruddy, a resident of Crawford County for 13 years, served as Crawford County commissioner for six years (1985-1990). He served as chairman of the board in 1989 and was chairman of the ways and means committee for three years.

Ruddy is a graduate of Lincoln Park High School and has taken nine years of specialized banking courses through the American Institute of Banking, earning a graduate certificate.

"I will attempt to put some "togetherness" back on the board. I will serve the people of Crawford County to the best of my ability."

District 5 Commissioner Arthur Huffman, Jr. (R)

Millikin is a graduate of Grayling High School and a graduate of the Michigan State Police Academy. He also has taken course work in police management at Northwestern University.

"The training and experience in police management I have obtained over the years would enable me as sheriff to provide the citizens of Crawford County with the professional, courteous, and accountable law enforcement they expect and deserve from the sheriff dept."

Rabbit Club members win MSU Expo ribbons

Four members of the Crawford County Rabbits and Whiskers 4-H Club attended the 1992 Rabbit and Cavy Expo at Michigan State University on July 17. This was part of the 1992 Animal Science Week sponsored by the Cooperative Extension Service and MSU.

The club members decided to enter individual events which consisted of junior (ages 9-11), intermediate (ages 12-14), and senior (ages 15-19) divisions. These were a few of the events the contestants chose from:

- Live Meat Judging of Rabbits which consisted of evaluating two classes of four rabbits of the same breed for meat quality.

- Live Fur Judging of Rabbits, format similar to meat judging except determining fur quality.

- Public Speaking involved a demonstration or talk on a rabbit or cavy project.

- Breed Identification required the contestant to identify and record the name of the breed of rabbit or cavy.

- The Quiz Contest was a series of 50 to 100 questions about rabbits and cavies.

- In the Craft Display Competition, the contestant was required to enter

one long term or five short term craft items.

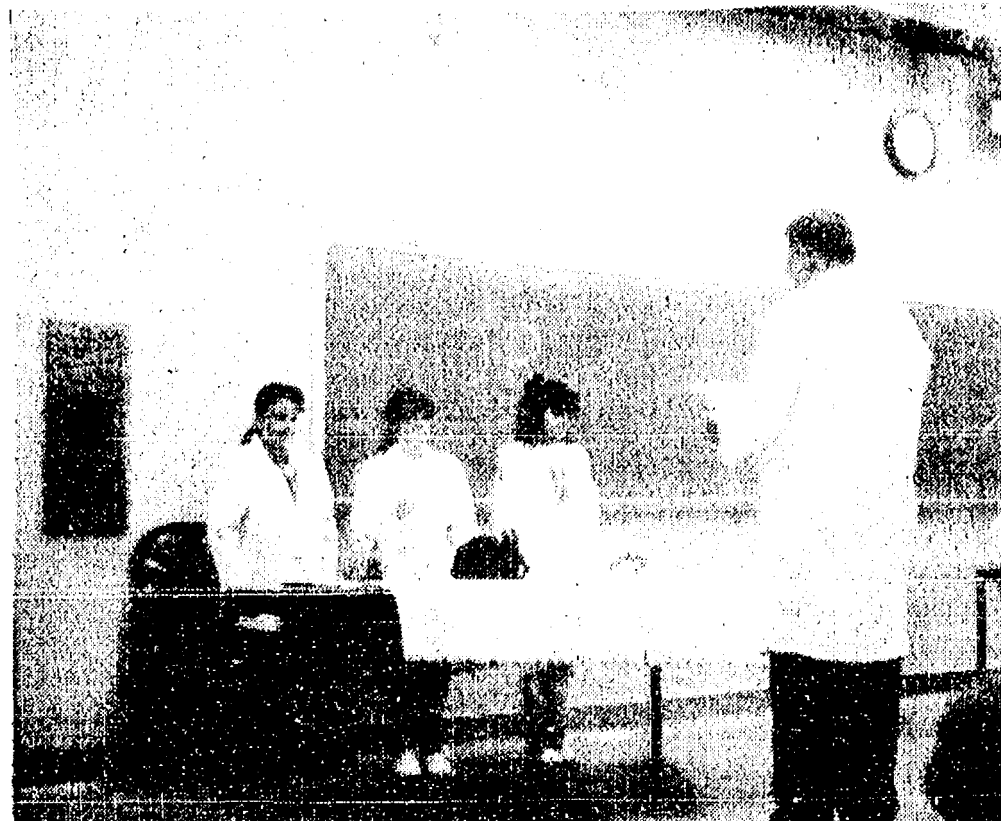

Ribbons were awarded to the top ten contestants in each event for all three age divisions. Each member from the local club entered five events. The following ribbons were received:

Junior Division
Natalie Kent: 4th place Fur Judging, 4th place Public Speaking, 4th place Breed ID; Kira Maples: 4th place Craft Display, 8th place Meat Judging, 9th place Exhibit Contest; Jean Zelek, 8th place Quiz Contest, 9th place Craft Display.

Intermediate Division
Cassie Maples: 8th place Exhibit Contest, 9th place Fur Judging.

The club members are already planning for next year, possibly entering a few team events. We were able to attend the Expo with the help of Chemical Bank North, sponsoring the travel arrangements. Also the 4-H leader Association and Twin County Rabbit Breeders Association gave donations toward show expenses.

Further information on the Rabbit and Whiskers 4-H Club or other 4-H Youth Programs contact the Crawford County Extension Office at 348-2841.

The person guessing closest to Susie's official weight will receive a family pass for preferred seats, good at any performance of the show, which will appear at the Crawford County

Fairgrounds at 2 and 8 p.m.

Entries are being accepted at Mac's Drugs, 122 Michigan Avenue until Saturday, August 15.

Reduced-price advance tickets are now available from the Avalanche, Glen's Market, and Mac's Drugs.

Verse or Worse

By Joe Murphy

Community Or Town?

It doesn't take much to make a town
Just some houses and a store or two
Even if no one lives there at all
To just exist as some ghost towns do

Strangers and enemies can share a town
For it is just a place to live
Each isolated in their own little world
Where there is no take or give

But a community is something different
That needs special people to make it go
Folks that share and care for others
Are what makes a community begin and grow

It takes folks that are friends and neighbors
Who are willing to help another in need
It takes folks willing to man the trenches
And folks willing to guide and lead

It takes both joy and heartaches
And a lot of laughter and tears
To weld many people together
Into a community that will bear the years

A place where there is always room for others
Who wish to join in and share
Where there is room for different opinions
And the only requirement is to care

We have a real fine community here
A place where it's a real pleasure to live
Among folks so neighborly and friendly
With always a helping hand to give

Features

PRETTY SUSIE--Susie is a six-year-old, housebroken golden retriever-collie mix that is living at the animal shelter until a nice family can be found to adopt her. Call the shelter at 348-4117 or visit at 508 1/2 Huron (M-72 East). Hours are 9-4, Monday-Saturday, and 8-11, Sunday.

Also, start saving your "stuff" for the shelter's second giant yard sale of the summer, to be held over Labor Day weekend. Proceeds go to help the homeless animals of Crawford County.

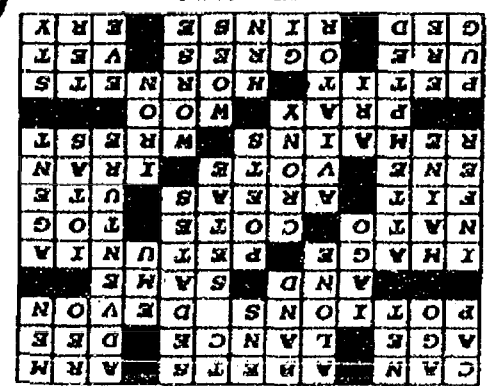

Pet Care Tip

Begin obedience training when your dog is young. An obedient pet is much easier to own and love than an untrained one. Local trainer Linda Sprague will teach an obedience class--beginning and advanced--at the GSB parking lot, starting Tuesday, August 11, at 6 p.m. Call the shelter for information.

Animal Rights?

To modern humanists, "Speciesism" is the "sin" of humans against "animal rights." Professor Kenneth Walt of the University of California is quoted as saying, "Human beings, as a species, have no more value than slugs." Ingrid Newkirk, founder of PETA (People for the Ethical Treatment of Animals) has been quoted as saying, "There really is no rational reason for saying a human being has special rights. A rat is a pig is a dog is a boy... The smallest form of life, even an ant or a clam, is equal to a human being." Environmental Prize Winner Sam LaBudda was quoted in *USA Today* (April 22, 1991) as saying, "Extinction is the ultimate sin of humankind."

Environmentalist Peter Singer has been quoted as saying: "It can no longer be maintained by anyone but a religious fanatic that man is the darling of the whole universe, or that other animals were created to provide us with food, or that we have divine authority over them, and divine

permission to kill them."

Did God give humans dominion over every living thing on earth? "And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." (GEN 1:26). Read also Psalm 8:4-8 for commentary. God protected the Jewish nation from eating some forms of animal life in the Old Testament. He removed these restrictions from all animal life in the New Testament. (Acts 10:9-16). God has given us liberty to eat or not to eat whatsoever animals we please without being judged by another person. (ROM 14 1-6).

God warned us about these animal rights advocates: "Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; Speaking lies in hypocrisy; having their conscience seared with a hot iron; Forbidding to

marry, [and commanding] to abstain from meats, which God hath created to be received with thanksgiving of them which believe and know the truth. For every creature of God [is] good, and nothing to be refused, if it be received with thanksgiving: For it is sanctified by the word of God and prayer." (1 TI 4:1-5).

Do we believe God and the Bible? As Christians, we should be humane in our use of and enjoyment of God's creation. Beware of Satan and the environmental evolutionists who worship mother earth and seek to control us and our God-given rights and liberties.

"ON SAFARI"

"Wow, it's a jungle out there, but I can handle it. I have a very strong friend!"

Apparently, this young man has discovered early in life that he must seek and possess strength if he is to survive the wild. In this case, the strength is that of a tiger, one of the royal powers of the jungle.

Underestimation of the power of the jungle kings could prove disastrous. Yet to comprehend and ally with that power is the key to safety. Indeed, our civilized world is a "jungle"... of indecision, of power struggle. We search for a sense of security in an uncertain society.

This Sabbath, go on "spiritual safari". Worship God and comprehend that secure strength resulting from alliance with our omnipotent King. Proverbs 19:12 advises, "A king's wrath is like the growling of a lion, but his favor is like dew upon the grass."

Grayling man seeks Congress seat on The Natural Law Party ticket

Tom List

Tom and Nancy List of Grayling were among supporters of The Natural Law Party who turned in over 40,000 signatures in Lansing, on Thursday, July 16, to put the newest political party in the United States on the ballot in Michigan.

Now that the required signatures have been filed, Thomas E. List has announced his candidacy for the office of U.S. Representative to Congress, 4th District, on The Natural Law Party ticket.

Michigan is the 10th state to qualify The Natural Law Party to appear on

the ballot in November. The other states are Wisconsin, Iowa, Tennessee, Arkansas, Utah, Vermont, New Jersey, and New Mexico. Campaigns are going on to get the rest of the states on the ballot by November.

List was born in Bay City and has been a life long resident of Michigan. He moved to Grayling ten years ago to work for Weyerhaeuser Company where he is presently employed.

List says that the slogan of The Natural Law Party is to bring the light of science into politics. "We have scientifically validated programs to

solve our states' most pressing problems and save taxpayers billions of dollars annually," he said.

"Only a new seed will yield a new crop. The problems of Michigan and the United States, soaring health care costs, rising crime, declining education, economic uncertainty, and environmental pollution can only be solved by new technology."

List will appear on the ballot with John Hagelin, Ph. D., the party's Presidential candidate, and Dr. Mike Thompson, the Vice-Presidential candidate for The Natural Law Party.

Dr. Hagelin, a graduate of Harvard University, is a world authority in the area of Unified Quantum Field Theories.

Dr. Hagelin proposes programs to create coherence in national consciousness and thereby reduce the growing stress and tension in society, which is at the basis of crime, drug abuse, ill health, and all other problems confronting the nation.

Hagelin recommends training programs to prevent the violation of natural law, which is the basic cause of

all problems, and to bring the support of natural law to both the individual and the nation.

'Pop and Reggae Under the Stars' comes to Kirtland on August 1

Four bands will perform on Saturday, August 1, at Kirtland Community College's "Pop and Reggae Under the Stars."

John D. Lamb has been performing for the past ten years, playing and singing acoustic rock and roll. Already a successful club performer, in 1986 he teamed up with three other entertainers to create *J. D. Lamb and the Wild Blue*. Their work is original, expertly paced and combined with storytelling and balladry. John Lamb was voted Best Rock Songwriter of 1990 by *Detroit's Metro Times* Music Awards and the group's "*Live at Legs*" album was recently nominated for Best Local Album at the first annual Motor City Music Awards in April of this year.

The Bad Examples are based out of Chicago, and have performed 200 live shows in the United States during 1991. They have toured Holland and Belgium, and plan another European junket later this year. They are a four

member, guitar-based pop group performing original songs and have gathered numerous positive reviews along the way. *The Chicago Tribune* said, "*The Bad Examples*' debut, '*Bad is Beautiful*,' is one of the finest exhibitions of songcraft to come out in quite some time." A recently composed song "*Not Dead Yet*" was recorded by *STYX* on their last album.

Originating in Traverse City, *Rising Sun* contains seven members that have vowed "to bring reggae music and its message to Michigan, the Midwest, and, eventually, the nation." The band has played throughout Michigan, including to a crowd of four thousand at Castle Farms in Charlevoix.

Tony Bell and Kutchie is an internationally known band of professional Jamaican musicians who have been entertaining audiences throughout the Caribbean for many years. They arrived in Chicago in 1987, and since that time have been nominated for many awards. They

have been awarded "Most Outstanding Contribution to Reggae Music" in 1987, "Best Band" award in 1988, and "Best Band" and "Best Back-up Band" award in 1989, all from the Martin's International Reggae Awards. In 1990, they were nominated for a Grammy Award for Best Reggae Recording for their album "*Mercy*." The group combines reggae, soca, calypso, jazz, ska (Jamaica original form of music) with rhythm and blues to make a sound unique and likable to a whole spectrum of musical tastes.

The performances begin at 4 p.m. and run until midnight. Security will be present and no alcohol will be allowed on the grounds. For further information contact Brent Baxter Barrett at 275-5121, extension 242.
